Annual report 2010

Dear members, sponsors and friends,

We would like to inform you about the very successful course of our activities this year with this annual report of the organization „Bangladesch Jugendförderung e.V.“.

Supported Students

In 2010 we have supported 142 students from 17 districts in Bangladesh. A number of members who visited Bangladesh recently also visited schools and supported students. You have received the report of those visits with photos.

At the time of visit, the question arose whether the students who completed college could be supported for university entrance exam coaching in Dhaka. The management board accepted this proposal with the condition that the students should apply with their own initiative to the board. Students can send application by email or letter.

During the visit, impression of the visitors were that the students and their family are very much pleased and thankful for the financial support from Germany. The supported students requested the visitor to convey their heartfelt thanks to all members and donors. With our support the students are able to continue their school or college. They all come from very poor families. Their parents are typically boatmen/fishermen, day labourer and farmers with very low income.

We expect that the sponsored students will support our organization later, when they have good positions in the future.

A list of supported students is given as an attachment.

Money Transfer to Bangladesh

In 2010, we have transferred money to Bangladesh with four months interval. In 2010, a total amount of 12000 Euro has been transferred to distribute among the supported students. Every bank transfer from Germany to Bangladesh costs 15 Euro. The money transfers in Bangladesh from the central account to the respective accounts of the local representatives cost between 0.60 Euro and 0.80 Euro per transaction.

We thank respective school headmasters for their cooperations, distribution of money and sending documents. We are dependent on their voluntary services.

Number of members, donation and our financial condition

Now we are exactly 100 Members. A few members quit in 2010. New members are always welcomed. It would be great pleasure if you convey this message to your friends and known circle. Please tell them about our helping activities and motivate them to be our member.

Up to date 3rd November 2010, the total collected membership fee from 2010 is 11,790.00 Euro. Received donation in 2010 till 3rd November is 1536.12 Euro. Special thanks to Tax consulting firm 'Richter & Ebner' who have paid back the whole charge for their consulting hours which is an amount of 776,12 Euro as donation.
