This year money has been transferred to Bangladesh three times that costs 15€ per transaction. The money transfers in Bangladesh from the central account to the respective accounts of the local representatives cost between 0.60€ and 0.80€ per transaction.

We thank respective school headmasters for their cooperations, distribution of money and sending documents. We are dependent on their voluntary services.

Particularly we are thankful to Prof. Dr. Col. (rtd). Mallik in Bangladesh for managing the central account and local transfers. Without his help, it would be extremely difficult to operate this scholarship program in Bangladesh.

## Meeting of the members:

We would like to thank all the active participants in the last members' meeting on 26th of April 2009. Beside the yearly report from the board and the accountants, following future activities have been suggested:

- \* Every member should promote at least one new member.
- \* At present, scholarship is provided only for school and college students. Later it should be extended for the university students.
- \* Other organisations can be contacted to extend the social network.
- \* Initiative should be taken to achieve accreditation of our organization.
- \* Organizing cultural events and contacting cultural authority (Kulturreferat) of Munich should be started and
- \* With the increasing number of members and activities, it becomes necessary to build a branch of the organization in Bangladesh.
