

Annual report 2013

Dear members, sponsors and friends,

We wish you a happy new year!

Our activities in supporting underprivileged students in Bangladesh were continued successfully in 2013.

Supported students

In 2013 we have supported 252 students (130 girls & 122 boys) from 20 districts in Bangladesh. Many members who visited Bangladesh recently also visited schools and supported students. You have received reports of those visits including photos in our newsletters.

The impression of the visitors was that the students and their families are very much pleased and thankful for the financial support from Germany. The supported students requested the visitors to convey their heartily thanks to all members and donors. With our support the students are able to continue their schools or colleges. They all come from very poor families. Their parents are typically boatmen, fishermen, day labourers and farmers with very low income.

Event in 2013

On Saturday, 06.07.2013, we had our barbecue event on Lake Starnberg in very good weather. Plentiful food & drinks were available for about 85 participants. In addition to social gathering many guests have bathed in Lake Starnberg. It was a successful barbecue party, whereby the personal friendships were promoted within the organization and guests.
