

Visit to Scholarships area Nagarpure, Tangail

I have arranged a meeting at Nagarpure Jadunath Pilot High School on 08.09.2010 between 10:00 to 11:30. In this meeting I have invited local coordinators (Santos Kumar Das, Md. Arifuzzaman), school teachers, all the students getting scholarships and their parents.

In the meeting I have talked with all the students and got to know their academic results, financial conditions, whether they are getting scholarships money regularly. I have also requested some teachers to help (private, coaching) these students without taking money.

At the end of the meeting, I have distributed the scholarship money of August, 2010 among the students and took some pictures.
